

# THE 2ND INTERNATIONAL CONFERENCE ON KNOWLEDGE ENGINEERING AND APPLICATIONS (ICKEA2017)

IMPERIAL COLLEGE LONDON, LONDON, UNITED KINGDOM

OCTOBER 21-23, 2017.

## KEYNOTE SPEAKERS

Prof. Shuliang Li  
University of Westminster, UK

Prof. Anu Gokhale  
Illinois State University, USA

Prof. Joanne Roberts  
Winchester School of Art at the University  
of Southampton, UK

Prof. Farid Meziane  
University of Salford, UK

## PUBLICATION AND INDEXING

Published in the conference  
proceedings, which will be  
submitted for review in the  
IEEE Xplore

Indexing in Ei Compendex and  
Scopus.

## CONTACT US

Person: Caroline Smith

E-mail: [ickea@academic.net](mailto:ickea@academic.net)

Website: [www.ickea.org](http://www.ickea.org)

## TOPIC SCOPE

- Knowledge Technology and Applications    Advanced Knowledge Technologies    Knowledge Relationship Discovery    Knowledge Representation and Reasoning    Knowledge Services    Knowledge Visualization    Learning organization & organizational learning    Metadata and structured documents
- Ontology Engineering and Technology    Ontology matching and alignment    Ontology sharing and reuse
- Organizational memories    Organizational semiotics    Process knowledge and semantic services    Semantic Web and Ontology    Social networks and the psychological dimension    Studies, metrics & benchmarks    Tools and technology for knowledge management    e-Learning, e-training and executive training    Decision support systems and intelligent systems
- Human-Machine Interaction    Impact measurement of knowledge management    Innovative Approaches to Knowledge Management    Intelligent information systems    Intelligent multi-agent systems    Intelligent problem solving    Interoperability    K-Economy, k-community and k-enterprise    Knowledge acquisition    Knowledge Management and Projects    Knowledge Management strategies and implementations    Knowledge Reengineering    Business intelligence & Customer Relationship Management    Communication, collaboration and information sharing    Content management & digital rights management    Context modeling and management    Digital libraries, Archives and Repositories    Domain analysis and modeling    e-Business and interoperability issues

## IMPORTANT DATES AND NEWS

Submission deadline: **August 25th, 2017**

**GOOD NEWS: PAPERS OF ICKEA 2016 HAVE BEEN INCLUDED IN IEEE XPLORE, AND INDEXED BY EI COMPENDEX & SCOPUS.**
